Special Needs Statement

Heart of Kansas Camping Group strives to be all inclusive of youth. Safety of our participants is of utmost importance to us. Therefore, if your child(ren) works under an IEP (Individual Education Plan) during the school year, for any reason emotional, social, behavioral, or physical and/or requires one on one attention, we ask that you share this information with your local extension staff prior to sending your child(ren) to camp. This will allow us to come up with a plan of action that is best for your child(ren) and the entire camp group.
