Notch Information - write AND draw notches!
Litter mark - The pig's right ear (R) is used for the litter mark. All pigs from the same litter must have the same notches in this ear.
Individual Pig Marks - The pig's left ear (L) is used to show an individual pig number in the litter. Each pig in the litter will have different notches in this ear. The exact location of the notches determines the pig's number.
IMPORTANT – draw the notches exactly as they are in the ears!

Exhibitors who wish to participate in the Kansas State Fair Grand Drive and/or the Kansas Junior Livestock Show (KJLS) must complete their entries, using the entry procedure set forth by each respective show. If the show does not have an official paid entry on file, the exhibitor will not be able to show. Both shows require exhibitors to complete their official show entries online (via ShoWorks).
