When a 4-H’er wins more than one ribbon for an exhibit, there will be a premium only on the highest award. Example: A Purple winner ($5) that also wins Grand Champion ($10), will receive only the $10 premium.

### Cloverbuds

- Cloverbud 4-H is a non-competitive learning experience for members 5-6 years of age.
- At the fair, there will be a separate class for Cloverbud 4-H (not listed in the fair book), and the judge will make positive comments and present a ribbon to the child.
- Cloverbud 4-H may NOT receive premiums in indoor exhibits.
- Cloverbuds can enter **FOUR** exhibits at the fair. Write “Cloverbud 4-H” on the entry card in large letters.
- We sincerely hope 4-H has been a good experience for your child and that you will want to be a part of the regular 4-H program in the future.
- Youth who turn 7 before January 1 of the current 4-H Year may enroll as a 4-H Member.

### General Regulations

1. The Danish system of judging will be used in all classes. With this system, the exhibits will be placed in Blue, Red, and White ribbon groups rather than first, second, third, etc. A Purple ribbon will be used to designate the class champions in market livestock classes if the animal is of Blue ribbon quality. In all other classes, judges are encouraged to present Purple ribbons to indicate a superior quality that is eligible at State Fair.
2. Exhibitors and contestants must be a participant in the Russell County 4-H program and must be enrolled by May 1 in the project in which they compete.
3. Grand and Reserve Champion ribbons will be awarded in the department in which the exhibit meets Grand Champion quality.
4. The judging of all exhibits will be done with the overall purpose of learning. Judges are to discuss the exhibit and the placing with the exhibitor if present. Judges may wish to make comments on exhibits as each class is finished, rather than while it is being judged. Judges should point out the strengths and weaknesses of exhibits.
5. No single article shall be exhibited in more than one class.
6. No more than one exhibit may be shown in any one class by one exhibitor in which they are enrolled unless stated otherwise under department rules.
7. The exhibits in each department must be the handiwork of the exhibitor where mechanical skill is required; the grower where agricultural exhibits are shown; and the owner and feeder where livestock are entered. It must be the result of the current year’s 4-H work.
8. 4-H members may exhibit articles made in school classes if the planning of the 4-H and school project were planned ahead for better use of time and money and both had similar learning experience and/or requirements. If the article was not planned in
advance to fulfill both requirements and was a last minute decision (entering articles made in school just to have something to show) then the exhibit is not truly honest and eligible.

9. The minimum age for participation in the 4-H division at the Kansas State Fair is 9 years of age by January 1, of the current year, for all competitive exhibits and contests.

10. See Russell County Free Fair Code of Ethics.

2. Entries are not limited per species and/or class. Each 4-H’er must turn in “INTENT TO SELL” forms on sale animals to the Fair Office NO LATER THAN 10:00p.m. WEDNESDAY or you will give up your privilege to sell. Late forms will not be accepted.

A different animal than the one exhibited may be shown at the State Fair, provided it was also a 4-H project. Market animals to be shown at the State Fair must be nominated. The nominated animal must have the official Kansas ear tag and the nomination fee must have been paid. All nominations are due in Manhattan by the following dates: Market Beef – May 1st; Sheep, Swine, Commercial Heifers and Goats – June 15th.

Failure on the part of the contestant to exhibit the entry may bar him/her from participation in any award. In case an exhibitor has two entries in the same class, he may have another club member assist with one entry, provided it meets with the approval of the superintendent of the department.

9. All Sheep and Goats must be identified with an official USDA Scrapie Premises ID tag. This requirement includes wethers.

If a certification number is not on file prior to July 1 of the current year, exhibitors will not be able to participate in the Livestock Sale.

20. First, issues or problems are reported to the fair superintendent; secondly, to an Extension Agent. 9. A sale order will be made and posted for each department ahead of the sale.

12. Animals will have a market floor established by some firm willing to take the animals at that price. This floor will be dependent upon market prices at the time of the sale. Buyers who do not wish to keep the animals they have purchased may turn the animal back to the firm setting the floor and pay only the difference between their bid and the established floor.
13. All 4-H members participating in the Livestock Sale MUST have a YQCA certification number on file prior to July 1 of the current year.

5. Each exhibitor is required to identify each box by placing an identification label bearing exhibitor’s name, county and the class. One label goes on the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so it can be displayed lengthwise.
6. The number of orders, specimens, and families required must be included on the exhibitor’s box identification label.
7. Emphasis in judging will be placed on the overall variety of Kansas insects represented in the collection, accuracy of identification, skill, and technique acquired in the mounting of specimens and overall arrangement and appearance of the collection.
8. For each collection class, two labels will be centered on the pin beneath each specimen. First is the common name label and the second label is the date/locality label.

EDUCATIONAL CLASSES

**SPECIAL RULES**

1. Read 4-H General Regulations.
2. Rocks should be found by the members. No purchased rocks should be exhibited.
3. The standard size exhibit box should be wooden 18”x24”x3½”. All specimens are to be arranged across the narrow (18”) dimension of the exhibit box, making the exhibit 18” across the top and 24” deep. If the box has a sliding plexiglass cover, it must be removable from the top. Screws, locks or other devices that would prevent judges from removing cover should not be used.
4. Each exhibitor is required to identify each display box by placing an identification label bearing name, county and number of specimens in the upper left hand corner of the plexiglass cover (inside-use clear double sided tape to adhere gummed labels) and by attaching a label with the same information to the lower right corner of the box (outside). The inside label should indicate if this exhibit is in the beginning or intermediate phases.
5. Specimens should be labeled with the number of the specimen, date collected, specimen name or description, locality (county) where collected. Labels are available at the Extension Office.
6. Specimens should be mounted in the box by the proper groups – rocks, minerals, fossils.

The “rare find” or unusual specimens may be used in the more advanced collection.
8. All exhibits will be divided during judging into Jr. Division (those 12 years of age and under as of January 1) and Sr. Division (those 13 years and older as of January 1). A Grand Champion and Reserve Champion will be selected from each division.
