RUSSELL COUNTY FREE FAIR CODE OF ETHICS

Exhibitors and/or their 4-H parents and guardians, shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of education. This Code applies to all exhibitors who compete in structured classes of competition. This Code applies to all livestock offered in any event.

All youth leaders and/or 4-H parents and guardians working with any exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Exhibitors and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the Russell County Free Fair. Exhibitors who violate this Code of Ethics demean the integrity of all exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of Russell County Free Fair Board, Class Superintendent or Extension Agent, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Exhibitors, and/or 4-H parents and guardians, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by Russell County Free Fair Board, Class Superintendent or Extension Agent.
3. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the exhibitor, and/or 4-H parent and guardian, or absolutely responsible person for Russell County Free Fair Board to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event with culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor or absolutely

responsible person to prove otherwise. At any time after an animal arrives on the Russell County Fairgrounds, a licensed veterinarian shall administer all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal.

4. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, confirmation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited. Procedures, which are acceptable, are limited to castration, ear notching, tail docking and dehorning.
5. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.
6. Direct criticism or interference with the judge, Russell County Free Fair Board members, Class Superintendent, other exhibitors or Russell County Extension Staff and Agents before, during or after the competitive event is prohibited. In the furtherance of their official duty, all judges, Russell County Free Fair Board members, Class Superintendent, other exhibitors or Russell County Extension Staff and Agents shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
7. No exhibitor, and/or 4-H parent and guardian, or absolutely responsible person shall conspire with another person or persons to intentionally violate this Code of Ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Ethics. Violation of this rule shall subject such individual to disciplinary action.
8. The application of the Code of Ethics provides for absolute responsibility for an animal's condition by an exhibitor, and/or 4-H parent and guardian, or absolutely responsible person whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
9. The act of entering an exhibit is the giving of consent by the exhibitors, and/or 4-H parent and guardian, or absolutely responsible person to have disciplinary action taken by the Russell County Free Fair Board for violation of this Code of Ethics and any other rules of competition of the Russell County Free Fair without recourse against the Russell County Free Fair Board members, Class Superintendent, other exhibitors or Russell County Extension Staff and Agents. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the Russell County Free Fair Board may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
10. The act of entering an exhibit in the Russell County Free Fair is the giving of verification by the exhibitor, and/or 4-H parent and guardian, or absolutely responsible person that he or she has read this Russell County Free Fair Code of Ethics and understands the consequences of and penalties provided for actions prohibited by the Code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

4-H DEPARTMENT

PREMIUMS

Grand Champion	\$10.00
Reserve Champion	\$8.00
Purple	\$5.00
Blue	\$4.00
Red	\$3.00
White	\$2.00

When a 4-H'er wins more than one ribbon for an exhibit, there will be a premium only on the highest award. Example: A Purple winner (\$5) that also wins Grand Champion (\$10), they receive only the \$10 premium.

Cloverbuds

Cloverbud 4-H is a non-competitive learning experience for members 5 to 6 years of age. At the fair, we'll have a separate class for Cloverbud 4-H (not listed in the fair book), and the judge will make positive comments and present a ribbon to the child. Cloverbud 4-H may NOT receive premiums in indoor exhibits.

Cloverbuds can enter **FOUR (4)** exhibits at the fair. Write "Cloverbud 4-H" on the entry card in large letters.

We sincerely hope 4-H has been a good experience for your child and that you will want to be a part of the regular 4-H program in the future.

***Effective 2015 Midway-Russell will be following the State 4-H Policy Age Requirements: "Youth who turn 7 before January 1 of the current 4-H Year may enroll as a 4-H Member".

General Regulations

1. The Danish system of judging will be used in all classes. With this system, the exhibits will be placed in Blue, Red and White ribbon groups rather than first, second, third, etc. A Purple ribbon will be used to designate the class champions in market livestock classes if the animal is of Blue ribbon quality. In all other classes, judges are encouraged to present Purple ribbons to indicate a superior quality that is eligible at State Fair.
2. Exhibitors and contestants must be in a participant in the Russell County 4-H program and must be enrolled by May 1 in the project in which they compete.
3. Grand and Reserve Champion ribbons will be awarded in the department in which the exhibit meets Grand Champion quality.
4. The judging of all exhibits will be done with the overall purpose of learning. Judges are to discuss the exhibit and the placing with the exhibitor if present. Judges may wish to make comments on exhibits as each class is finished, rather than while it is being judged. Judges should point out the strengths and weaknesses of exhibits.
5. No single article shall be exhibited in more than one class.

6. No more than one exhibit may be shown in any one class by one exhibitor in which they are enrolled unless stated otherwise under department rules.
7. The exhibits in each department must be the handiwork of the exhibitor where mechanical skill is required; the grower where agricultural exhibits are shown; and the owner and feeder where livestock are entered. It must be the result of the current year's 4-H work.
8. 4-H members may exhibit articles made in school classes if the planning of the 4-H and school project were planned ahead for better use of time and money and both had similar learning experience and/or requirements. If the article was not planned in advance to fulfill both requirements and was a last minute decision (entering articles made in school just to have something to show) then the exhibit is not truly honest and eligible.
9. The minimum age for participation in the 4-H division at the Kansas State Fair is 9 years of age by January 1, of the current year, for all competitive exhibits and contests.
10. See Russell County Free Fair Code of Ethics.

4-H GEOLOGY

Check In Monday 6:00p.m.-8:00p.m.

Superintendent – Rhonda Haberer

Assistants –

SPECIAL RULES

1. Read 4-H General Regulations.
2. Rocks should be found by the members. No purchased rocks should be exhibited.
3. The standard size exhibit box should be wooden 18"x24"x3½". All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep. If the box has a sliding Plexiglass cover, it must be removable from the top. Screws, locks or other devices that would prevent judges from removing cover should not be used.
4. Each exhibitor is required to identify each display box by placing an identification label bearing name, county and number of specimens in the upper left hand corner of the Plexiglass cover (inside-use clear double sided tape to adhere gummed labels) and by attaching a label with the same information to the lower right corner of the box (outside). The inside label should indicate if this exhibit is in the beginning or intermediate phases.
5. Specimens should be labeled with the number of the specimen, date collected, specimen name or description, locality (county) where collected. Labels are available at the Extension Office.
6. Specimens should be mounted in the box by the proper groups – rocks, minerals, fossils.
7. Out-of-state specimens may be exhibited in a marked section of display box but these are not to compromise the major portion of the exhibit. Out-of-state specimens will not be considered in the judging, not will they count in the minimum number for the class. Although the exhibition of only the current year's collection is encouraged, each specimen should have a value in itself. The "rare find" or unusual specimens may be used in the more advanced collection.
8. All exhibits will be divided during judging into Jr. Division (those 12 years of age and under as of January 1) and Sr. Division (those 13 years and older as of January 1). A Grand Champion and Reserve Champion will be selected from each division.
