Produce Spotlight: STRAWBERRY

The strawberry is a small plant that belongs to the Rose family. Strawberry plants may appear to grow on vines, but they produce runners, or daughter plants, that mimic vine growth. These runners help the strawberry spread across a garden. Strawberries can be grown wild or as a cultivated plant.

HOW DO I MAKE A GOOD SELECTION?
Choose strawberries that are firm, shiny, and brightly colored. Strawberries should be free from bruising and mold. Harvest or choose ripe berries as they do not ripen after being picked.

WHAT IS THE PROPER STORAGE?
Store unwashed strawberries in their original container or in a paper lined container covered with plastic wrap in the refrigerator for 1-3 days.

WHY SHOULD I EAT THIS?
Strawberries contain vitamin C, which helps heal cuts and wounds. They are a good source of potassium, which helps with muscle contractions and regulating fluid balance in the body. Strawberries also have folate, which is important for women who are pregnant, as it plays an important role in preventing birth defects.

HOW COULD I USE THIS?
- Add sliced strawberries to a salad
- Make a fruit salad using strawberries
- Top yogurt or ice cream with sliced strawberries
- Add sliced strawberries to cereal or oatmeal
- Add to the batter or top pancakes or waffles with chopped/sliced strawberries
- Add to a smoothie
- Add cut strawberries to baked goods and other desserts like pies
- Make jams and jellies
- Blend strawberries and add to lemonade

Simply Produce Ellsworth County is Celebrating Three Years!

We are excited to celebrate the third year of Simply Produce Ellsworth County this September! For every basket you buy in July, August, and September, you will be entered to win some great prizes. Stay tuned to our Midway Extension District Facebook page for more info!

Have you joined our Facebook Group? For an extra entry, post photos in our Facebook Group (Simply Produce Ellsworth County) how you used the produce in this month's basket. We'd love to hear what your favorite item has been and/or your favorite recipe AND what you love about this program!

Can't wait to celebrate with you in September! 🍎

Mental Health Minute: Negative Self-Talk

What is *negative self-talk*?

Negative self-talk is when you are very negative and critical of yourself. Negative self-talk can diminish your self-confidence and limit your ability to reach your full potential.

How to STOP negative self-talk:

- Recognize what you are saying to yourself. A helpful tip is to ask yourself if you would treat someone else this way. The answer is likely no.
- Try to end the negative self-talk as soon as you start becoming critical of yourself. You can do this by visualizing yourself crushing the thought, etc.
- Try to challenge your thoughts when negative ones arise. Ask yourself if your thoughts about yourself are actually true (usually they are not).

Upcoming Master Gardener Training

Master Gardener volunteers are educators passionate about strengthening vibrant local economies and liveable communities by empowering individuals and families to cultivate healthy environments and food systems through horticultural practices. Passionate about gardening, life-long learning, and community education? Then apply to be an Extension Master Gardener!

The training is completely virtual and participants must have access to Zoom. Training days by Zoom are Thursdays from 1:00 p.m. - 4:00 p.m. during September 7 - November 30.

Application deadline is August 4, 2023, and the cost is $50.00. An in-person meeting will be held in Ellsworth on September 5. For more information, please contact Crop Production Horticulture Agent Craig Dinkle at 785.472.4442 or cadinkle@ksu.edu.

Produce basket distribution utilizing local retail venues is designed to increase access to healthy fruits and vegetables for consumers, while stimulating positive economic impact and building regional food system sustainability.
Chickpea Salad

Serves: 4
Serving Size: 1 Cups

Ingredients:
- 3/4 cup (half of a 15.5 ounce can) canned chickpeas (drained and rinsed)
- 2 cups spinach, chopped
- 1 cup carrots (finely chopped)
- 3/4 cup celery (finely chopped)
- 1 green onion, sliced
- 2 tablespoons parsley, minced
- 1/8 teaspoon salt
- 1/4 teaspoon ground black pepper
- 1/4 teaspoon garlic powder
- 1 tablespoon mayonnaise

Directions:
1. Wash hands for 20 seconds with soap and water.
2. Combine all ingredients in a medium bowl. Stir until vegetables are coated with mayonnaise.
3. Serve right away or cover tightly and store in the refrigerator for up to one day.
